Product Description

The wall mounted soap dispensers are a convenient way to manage all your dispensing needs, ideal for soap, body wash, shampoo or conditioner.

The soap dispensers are available in a range of colours and capacities. For high use products like soap the 750ml version is ideal. For applications where multiple products are used, like shampoo and conditioner, the twin version is ideal.

The soap dispensers are supplied with screws, and double sided tape or silicon glue, so it can be installed in areas where drilling is not possible. The 250ml single and twin units come with labels to easily identify the products being dispensed.

Specification

The soap dispenser shall be Auscan Imports SD(xxx) wall mounted soap dispenser in (xxx) finish.
