- Easy to Remove

### Finishes

Chrome

### Warranty

5 Years

### Product Description

The 920SCP Easy Install Handshower Kit lets you convert a traditional overhead shower into a combination overhead shower & hand shower, without any drilling of the tiles.

The kit includes:

- HH8 Shower Divertor
- HH15 Suction Cup Shower Bracket
- 712CP 1.5m metal flex hose
- 912CP single setting shower handpiece

The HH8 is mounted between the existing overhead shower and the wall outlet to supply both the handset and the overhead shower

The HH15 suction cup shower bracket is installed without drilling and can be easily repositioned for different people to use, or removed when not needed.

This kit is ideal for installations such as in rental properties, or where there is a need for a hand shower due to injury and in-home care.

### Specification

The shower bracket shall be Auscan Imports 920SCP Easy Install Handshower Kit in Chrome finish.
